The four were about to start out yesterday, when the officers visited their flat and placed them under arrest. All are stout and fluent in conversation. The police say the women would ask donations of 25 cents or more, and seldom met refusals in their house-to-house canvass.

#### McKINLEY MONUMENT DEDICATION.

Canton Raising \$10,000 to Entertain The City's Guests.

Canton, Ohio, Aug. 22.—Announcement is made by the citizens' committee having charge of the final arrangements for the dedication of the McKinley monument that the ceremonies positively will be held Sept. 30, and that the President will be here.

Owing to the fact that a portion of the marble work prepared for the mausoleum was damaged by fire in Buffalo a short time ago, there was doubt expressed that the monument could be finished in time for dedication. There are assurances, however, that everything will be ready on time.

A fund of \$10,000 is being raised by Canton citizens to entertain the city's guests on that occasion.

#### NEUTRALITY OF NORWAY.

Subject of Discussion Between The Kaiser and The Czar.

London, Aug. 22.—It was learned in diplomatic circles yesterday that one of the principal questions discussed by Emperor William and Emperor Nicholas during their recent meeting at Skovene was the neutrality of Norway. The subject was thoroughly gone over and an agreement was reached under which Germany and Russia undertake to regard Norway as neutral territory.

This is in accordance with the desires of Great Britain, which has been heartily supporting Norway's endeavors to secure guarantees in this direction. Emperor William also intimated that Germany would not seek to thwart the policy of Russia in carrying out her accord with France and Great Britain.

SIR THOMAS TO SEND CHALLENGE THIS FALL.

Will Challenge For The Fourth Time For America's Cup—No Understanding As To Terms of Challenge.

New York, Aug. 22.—There are the best of reasons for the statement that Sir Thomas Lipton's fourth challenge for the America's cup will be received by the New York Yacht club either during September or the early part of October. Sir Thomas has been making arrangements to this end ever since his arrival in London from his lengthy visit to this country last fall. He told his intimate friends here just before he sailed, or practically told them, that he would again be with them in 1908 acting a very significant part in yachting matters.

Sir Thomas will keep his promise, and will be heard from this autumn. There has been no official expression on the matter as yet, but the stories abroad that Sir Thomas has given up the idea of lifting the cup are wrong. He has never abandoned the hope that the blue ribbon of the sea would in the end fall to his lot to take "back home," as he frequently expressed it.

The size of the challenging craft had not been decided upon a fortnight ago, but may be by this time. This important point, and, in fact, all the details of the challenge, will be kept secret until the New York Yacht club has been officially notified. To do otherwise would be disastrous to that club.

There has been no understanding about the terms of the challenge. This matter has not been the same as ever. The N. Y. Y. C. has not given any promises to Sir Thomas, nor given him the slightest intimation that his challenge will receive other than the usual club consideration in such cases.

Sir Thomas will challenge, however, and it may be just as well for those interested in another international race to make up their minds that this is the situation at present.

#### VOLIVA HAS GONE.

Leaves Zion For Pastures New in New Mexico.

Chicago, Aug. 22.—Overseer Wilbur Voliva at last has turned his back upon Zion City, the scene of so many of his troubles.

The leader of the Zionites, without announcing his destination, started yesterday for the new home of his faithful followers. This new home, the faithful admitted, is near Las Vegas, San Miguel, New Mexico.

Accompanying Overseer Voliva were Theodore Percy, John A. Taylor and George Bright, his close lieutenants and advisers.

It is planned that Overseer Voliva shall remain in New Mexico until a place has been prepared for such of his followers as care to go to the new "paradise" of the faithful. Already 3,422 acres of land have been purchased. At least 5,000 acres of land it is said, will be added to this tract.

#### CLEANSING SAN FRANCISCO.

The New Mayor Begins on the Police Department.

San Francisco, Cal., Aug. 22.—Mayor Taylor Tuesday began his promised cleansing of the municipal departments by sending a notification of their removal from office to four police commissioners. The communication scored the commission for failure to remove Chief of Police Dinan, who, Mayor Taylor declared, is incompetent and lacking in character. The commissioners, after a secret conference, announced that they would not recognize any power except the court. It is understood that they will resist any attempt to take possession of the records by an appeal to the police.

#### SCARCITY OF MINERS.

Wages as high as \$175 per month are being paid to Japanese miners in some of the Utah Pacific mines.

#### NORWAY NEUTRAL TERRITORY.

Germany and Russia Have Reached an Agreement.

London, Aug. 22.—It was learned yesterday that at the recent meeting between Emperor William and Emperor Nicholas at Skovene, an agreement was reached under which Germany and Russia undertake to regard Norway as neutral territory. This is in accordance with the desires of Great Britain. Emperor William also intimated that Germany would not seek to thwart the policy of Russia in carrying out her accord with France and Great Britain.

### Latter Won by Score of 7 to 5

#### AN INTERESTING GAME

With the Score Close Enough to Make the Result Uncertain to the End—The Features of the Game.

At Inter-city park yesterday afternoon the Capitals of Montreal defeated the Knights of Columbus of Barre by a score of 7 to 5. The uncertainty of the game made it interesting from start to finish. Hull, the old Montpelier seminary pitcher, pitched for the Capitals and struck out 16 men, allowing only six hits, while Imiah for the Knights struck out six and allowed nine hits.

The features of the game were a home run by Ennis and a star catch by Sector of Laird's liner in the eighth. In the fifth inning, with the score 4 to 2 against them, the Capitals made a start. Ennis took first on Haddigan's error and was advanced to third by Hull's single. Carbo singled, scoring both, and scored in his turn on Towle's single over second. The rest went out in order.

Then in the sixth the Capitals clinched the game with two scores on a base on balls and a home run by Ennis, who gracefully dropped the ball over the right field fence. After this inning the Capitals failed to score.

In the eighth the Knights attempted to cut down the lead, but scored only twice, by rapping out two singles.

Then with the score two against them in the ninth, the Knights made one last gasp. Peltier struck out. Cella started things going with a swift one through third, and reached third on Johnson's two-bagger. Gabeloni struck out. Imiah got a base on balls, but Cella was caught napping off third and the inning and game closed in favor of the Capitals.

#### JAIL BREAKER FOILED BY CELL MATE'S PRAYER.

Mate Prayed So Loud That Keepers Heard and Hushed.

Mount Holly, N. J., Aug. 22.—Threatening to kill Joseph Misler, his cellmate, if he made an outcry, George R. Clark, awaiting trial on a charge of attempted murder, early yesterday made a desperate effort to break jail.

Clark removed an iron bar from a closet, with which he tore a hole in the chimney. The noise awakened Misler, who feigned illness and said he would have to have a doctor sent to him. Clark turned on Misler with a razor, telling him to pray, as he was going to kill him. Misler prayed in so loud a voice that he was heard by Charles Williams, a "trustee" who gave the alarm. Clark was soon overpowered by the keepers.

#### EVANGELIST ELOPES WITH FRIEND'S WIFE.

The Husband Accuses the Rev. A. S. Whedon, Who Married the Couple Only Last June.

New York, Aug. 22.—Charles W. Moffatt, a well-known young business man of Brooklyn, notified the police yesterday that his beautiful wife, Anna Rutter Moffatt, eighteen years old, eloped with the Rev. Ashbury S. Whedon, a Methodist clergyman, who has been engaged in evangelistic work for a number of years, and who was the one to marry them last June.

The clergyman has an invalid wife and a son and daughter in Elizabeth, N. J. He was a warm friend of Moffatt, who had lived with him for four years. Mrs. Moffatt is a daughter of wealthy parents who reside in Ridge-wood.

"My business compelled me to reside in Brooklyn," said Mr. Moffatt yesterday, "and I decided after my marriage to continue my residence with Dr. Whedon. I had always known him to be an upright and honorable man, deeply religious, and I believe even now that a religious feeling is at the bottom of this whole affair."

Mrs. Moffatt left this note behind for her husband:

"God has told me that you have not surrendered to him; that there would be trouble when you got home tonight. So I have decided to stay away until God tells me to come home."

## OPENS A GRAVE IN FIGHT AGAINST SEN. PLATT

Lawyer Donovan Loses in His Attempt to Show That Lumberman Baker Had a Dummy Buried in His Place.

Chicago, Ill., Aug. 22.—James Donovan, an attorney of this city, who for several years has waged a peculiar battle against Senator Thomas C. Platt, succeeded in having the grave of La Flora S. Baker, in Big Rapids, Mich., opened in order to support his contention that the former Michigan lumberman had not died, but had fled to Europe to avoid responsibility in several financial failures.

The exhumation proved to the satisfaction of Big Rapids city officials and of Harry H. Wykom, the husband of Baker's daughter, that the skeleton remains are those of the man whose name appears on the gravestone, but Donovan declared that the grave had been opened recently and a skeleton substituted for a wax bust of Baker.

City Attorney Barton of Big Rapids and other witnesses said the condition of the ground, the coffin, the skeleton, and even the remnants of clothing proved that the grave had not been opened since it was made.

This stage of Donovan's warfare over the Baker estate was the climax of one of the most unusual series of acts ever credited to an able business man. He and Baker had been partners in the lumber business at Big Rapids several years before Senator Platt's death. Shortly before the occurrence several ventures in which Senator Platt's name figured had gone to the wall.

Donovan contended that Baker's opponents had induced him to flee to England under an assumed name, while they forwarded to his house the money which he was sending to him. He said, came from the entanglement of his affairs with those of the dead man, which never had been straightened out.

Among many suits he began in the Chicago courts was one demanding a large sum from Mr. Platt. Repeated attempts to have this question settled were made, but almost without exception the courts rejected the case.

#### BIG FRATERNITIES IN BITTER FIGHT.

Two Bodies Embracing Many of Great Societies War Over Amalgamation.

Buffalo, N. Y., Aug. 22.—A bitter fight was in progress here yesterday between the Associated Fraternities of America and National Fraternal Congress over the question of amalgamating the two bodies. It is asserted that unless amalgamation is effected, 28 societies belonging to the fraternal congress will withdraw and join the rival organization.

The Modern Woodmen, the Woodmen of the World, the Modern Macabees, the Ladies of the Modern Macabees and the Improved Order of Reptophans are leading the forces in the fraternal congress in favor of amalgamation.

The leaders of the opposition to the amalgamation belong to the Foresters, the Supreme Tent of the Macabees, the Supreme Hive of the Macabees and the Local Guards.

#### SAYS BIG FIRMS OPPOSE MILITIA.

Reports Show Many Men Have Been Discharged for Doing Military Duty.

Washington, D. C., Aug. 22.—That many great corporations and business firms of the country do not regard the membership of their employees in the National Guard with favor is shown by the report of General Greeley, just issued.

Inquiries addressed to adjutant-generals in the various states showed that many firms deprived their employees of their wages while they were on military duty; many made reductions in wages, many discharged men because they were in financial straits. The fact became known through the filing in the United States district court of an involuntary petition against the house.

## NO CABINET CHANGES NEAR

### Bonaparte Says Term Will be Completed

#### TAFT HAS NO IDEA

Of Tendering His Resignation—Metcalf Only One Who May Retire—That Root Will Remain Was Long Ago Settled.

Washington, D. C., Aug. 22.—Rumors of resignations from the cabinet are multiplying rapidly. A month ago the report that Secretary Root intended to leave the cabinet because he was disappointed that he was not looked upon as the logical successor of Mr. Roosevelt in the White House. Secretary Metcalf was the next member of the cabinet slated for retirement, but this met with an Oyster Bay denial. A week ago it was Secretary Taft, and now it is Attorney-General Bonaparte. It is always very reckless to make predictions about cabinet resignations. It is interesting to recall that they have been announced when least expected. The report about Mr. Taft has been authoritatively denied. He intends to resign from the cabinet only in the event of his nomination. And now Attorney-General Bonaparte comes to the front with a statement that he expects to remain in the cabinet for some time. The general belief here among those who ought to know is that Secretary Root intends to remain in the cabinet until the end of this administration. As for Mr. Metcalf, it is safe to assert that he will remain at the head of the navy department as long as his presence there is agreeable to the president, but the belief here is that with the possible exception of the secretary of the navy the cabinet will remain intact during the remainder of this administration.

It was to be expected that Wall street would inspire reports about the resignation of Attorney-General Bonaparte. His subtle sarcasm has undoubtedly proved disturbing to the financial world and especially that portion of it which lacks a sense of humor. But the belief here is that the president has been chuckling with satisfaction at the frank and courageous manner in which Mr. Bonaparte has refused to hold out any hope to violators of the law because they happen to be wealthy or because their prosecution might disturb the present era of prosperity. It is unlikely that the administration will undertake to issue statements now or later for the purpose of reassuring the financial world. And having announced clearly its purpose to prosecute violators of the law, vigorous and at all times, there are those in the cabinet who would prefer that no further statements along this line be made until something has been accomplished. Statements of results are more effective as vote-getters than statements of intentions, and they are less disturbing to honest investors who have really no cause for their present apprehension about the government's campaign against the law-breakers.

#### GOING TO CHAUTAUQUA.

Brushes Trousers, Enters Fact in Dairy and Resumes the Journey to Rockford on Foot and by Trolley.

Belvidere, Ill., Aug. 22.—As William Jennings Bryan adjusted his necktie and brushed the cinders from his trousers, after emerging safely from a wreck near here on the Chicago & Northwestern road, he reflectively murmured, "Four." Then drawing out his diary, he noted down the location and the date, with these words: "Fourth time a wreck has occurred on my various journeys to speak at the Rockford Chautauqua. Where is the silver lining?"

With words of encouragement to the train crew and other passengers, who all escaped uninjured, Mr. Bryan joined the line of refugees, who wended their way up the track for more than a mile and a half.

At Belvidere Mr. Bryan took a trolley car and made the Chautauqua grounds behind schedule time.

The wreck on the Northwestern, which delayed Mr. Bryan, was caused by the baggage car taking an open switch. Three coaches were derailed. Mr. Bryan was in one of the coaches that was derailed.

#### RECEIVER FOR HAZARD & CO.

Big Wholesale Grocery Firm Was Unable to Borrow Money.

New York, Aug. 22.—Business circles were surprised yesterday to hear that the big wholesale grocery firm of E. C. Hazard & Co., of 117 Hudson street, was in financial straits. The fact became known through the filing in the United States district court of an involuntary petition against the house.

In the petition it is stated that the members of the firm consists of Elmer C. Hazard, Theodore Stern, George M. Archer, and Frank Green. The liabilities of the firm are estimated at \$2
